Sunday morning's Eagle contained a notice of a libel suit brought about by the accusations of one Laura Buckwalter against Dr. J. W. Hutton and G. A. King. It was affirmed that it is the re-sult of a quarrel in the Universalist church. Be it known that there is not, nor never has been a quarrel, in the Uni-versalist church. The pastor and mem-bers are in perfect harmony and stand unanimous in their position. True Universalists never gossip nor quarrel. Their teachings prevent it. Sunday Mr. and Mrs. Plummer of 301 South Emporia gave a dinner in honor of a young Philippine soldier, Martin S. Tut-tle, who has just returned from there, having served altogether in regular army eleven years. This young man has a remarkable career, which will be published later. He is a brother to the wife of Mrs. Wesley Pluramer, and says he has come home to stay and to care for his aged father and mother. Grandma Pluramer gave this dinner in his behalf and it was a most bountful feast. The and it was a most bountful feast. The table was laden with everything good, from meat and potatoes to be cream and cake, and "Old Glory" could be seen waving in all the rooms. The dining room was decorated with bunting, rep-resenting stars and stripes and small flags and flowers were classed on the table. flags and flowers were placed on the table, spread with snow-white linen. Every dainty that kitchen and cellar could afford was placed upon it and when the guests entered the dining room Mrs. King made a short, fitting speech, tell-ing them that Grandma and Grandpa Plummer not only were loyal to the old bys who served in the civil war, but to the young Philippine soldier in whose bonor the bountiful repast was given. The guests enjoyed the hospitality of their friends and will ever remember

Fuss-Wen is a compound German word which translated literally, means foot-woe, and woe it is indeed to one who stands in ill fitting, badly lasted shoes. If you have worn the Sorosis shoe you know something of foot comfort in contradistinction to fuss-weh. You know the satisfaction of a perfeetly lasted shoe that does not draw nor bag out of shape and that fits when it leaves your service as it fitted when it first entered it. You know that Sorosis is a shoe of character, and it retains it to the end. If you have not worn Sorosis you may not know these things. Do you know that the wearers of Sorosis have so increased that it takes the out-put of the largest factory in the world to supply them? Do you know that this shoe has invaded foreign countries and that Sorosis shoe stores are features in all the large cities of Europe? Does this not mean something? It means Satisfaction, and satisfaction means Fit. Finish, Ease, Elegance, Durability. If all this host of Sorosis wearers are satisfied then you can be satisfied. It is the only shoe of which it can be said. The best at any price. You can pay \$5.00, \$6.00 or more and get no better shoe. Fuss-web often goes with high priced shoes. The price of the Sorosis shoe is \$3.50 a pair, to pay more is waste, to pay less is not shoe economy. You can find comfort in other shoes after your foot has shaped them, you can find elegance in other shoes, but you pay the price. Sorosis is Satisfaction. It is the dif-
